

*Covenant unity
in the equipped
body of Christ
is what the enemy
fears the most.
And covenant
unity to answer
God's unique
call upon Aglow
is what we are
seeking to create.*

HISTORY

Covenant Partnership, or membership as it was known in the early years, has a rich history within the ministry of Aglow.

1976 Membership began with an annual commitment of \$10. Five years later in 1981, Jane Hansen Hoyt first gave a message on Male/Female Reconciliation. Little did we know this message was the beginning of Aglow's first mandate — M/F Reconciliation.

1987 Membership was raised to an annual commitment of \$25. Four years later, in 1991, the first prophetic word calling Aglow to love the people of Islam came — Aglow's second mandate.

1998 Membership received a new name: Covenant Partnership. Three years later, in 2001, Aglow received a third mandate: the call to love and support Israel and the Jewish people — God's covenant people!

2008 The new Commit & Connect program began with an annual investment of \$30.

COVENANT COMMITMENT

Covenant commitment brings alignment and alignment brings breakthrough.

Alignment is a positioning word. In human terms, it is an intentional word. We choose to be aligned.

One lighthouse discovered to its amazement that alignment counts when you wouldn't think so. No matter how hard they tried, their team's lack of success was frustrating and eventually debilitating.

The lighthouse president discovered that all of her team members were current Covenant Partners except one, and she had simply forgotten to renew her annual commitment.

Miraculously, once she renewed, everything that had been difficult turned around. They were back in alignment.

Within a few days, the difference was tangible," the president said. "It was the difference between night and day."

As we become aligned, revelation and authority will increase. Gifts and strengths will be maximized. We will become steadfast and established in our positions, fully able to fulfill our God given destiny.
